NOTICE OF REGULAR MEETING OF BOARD OF DIRECTORS OF BASTROP ECONOMIC DEVELOPMENT CORPORATION (BEDC) Minutes of Monthly Meeting, November 16, 2015 Bastrop City Hall, 1311 Chestnut Street, Bastrop, Texas

The Bastrop Economic Development Corporation (BEDC) met on Monday, November 16, 2015, at 6:00 p.m. at Bastrop City Hall, 1311 Chestnut Street, for the Regular Monthly Meeting. Board members present were: Steve Mills, Gary Schiff, Kristi Koch, Mayor Ken Kesselus, and Willie DeLaRosa. Board member Cam Chavez and Mike Talbot (ex-officio) were absent. Staff members present: Shawn Kirkpatrick, Angela Ryan, and JC Brown, BEDC Attorney.

- 1. CALL TO ORDER BEDC Board Chair Steve Mills called the Board Meeting to order at 6:02 p.m.
- 2. PUBLIC COMMENT(S) None.

3. REGULAR BUSINESS

- 3.1. Oaths of Office for Board Members/Swearing in Ceremony and discussion of documents for providing bonds for Directors. Mr. Kirkpatrick asked that each Board member complete the Oath of Office form, the Statement of Elected/Appointed Officer form, and the CNA Surety bond form.
- 3.2. Approval of meeting minutes of the Regular Board Meeting of September 21, 2015, and Joint Workshop Meeting of October 20, 2015. Mr. Schiff made the motion to approve both sets of minutes as submitted, Mr. DeLaRosa seconded, and the motion passed.
- 3.3. Consideration, discussion and possible action on acceptance of the BEDC's financial summary report for period ending October 31, 2015. Mr. DeLaRosa made the motion to accept the financial report as submitted, Mr. Schiff seconded, and the motion passed.

4. ACTION ITEMS

- 4.1. Consideration, discussion and possible action on approval of a proposed Internal Financial Control Policy #3 and Resolution for BEDC to Participate in Texas Class, related specifically to Public Fund Investment Act compliance, adoption of an investment policy, and investment through investment pools meeting the requirements of the Act and as recommended by the City Finance Department. After discussion, it was decided that additional information would be needed prior to taking action on the Internal Financial Control Policy and the Resolution. The item was tabled until the next Board meeting.
- 4.2. Presentation and discussion on the development west of the Colorado River and retail development in Bastrop. Mr. Kirkpatrick gave a presentation about current developments in Bastrop and to the west, including commercial, residential, mixed-use, and the Highway 71 overpasses. He displayed a map that showed Bastrop's current Retail Trade Area (RTA), with the western boundary being in the area of Hwy 71 and 130. Mr. Kirkpatrick explained there is a 390 acre commercial mixed-use development being planned for the Hwy 71/130 area that will occur within the next three to five years. He said he has spoken with The Retail Coach, and they are in agreement that once that development is completed, it will become a retail trade hub which would inevitably pull shoppers from Bastrop's current RTA, moving the western trade line closer to the Cedar Creek area. Mr. Mills agreed that the 130 corridor will produce a lot of multi-use, retail, housing, etc., and Bastrop needs more sophisticated stores. Bastrop is currently the retail hub in the southeast submarket, but sharing shoppers with another RTA will definitely impact Bastrop. Mr. Kirkpatrick showed maps explaining how Bastrop's RTA was determined, which is currently approximately 180,000. He explained there are several ways to determine who shops in the area, including zip codes, credit cards, and license plates. (Mr. Kirkpatrick's presentation is available for download at this link).

Mr. Kirkpatrick reported he and Ms. Riemenschneider had attended the International Council of Shopping Centers (ICSC) tradeshow in Dallas the first week of November. They had met with four companies already looking at Bastrop for some type of future development, and at least a dozen more had visited the BEDC tradeshow booth. The contacts made at ICSC will be entered into the CRM database and followed up with; he is having a follow-up meeting with one of the companies next week. Mr. Kirkpatrick was asked what type of materials he hands out at these tradeshows, and he explained it consists of all types of media, including digital and print, which he will bring to the next meeting to show to the Board. Mr. Kirkpatrick said most of the developers he had spoken with requested additional information on available developable tracts of land, and he said we was working on putting together a database of those properties as well as assembling data for distribution.

Mr. Kirkpatrick was asked to explain the difference between commercial, retail, and industrial development. He explained that commercial is any development related to a business and includes retail, industrial, and office space, basically any development this is not residential. Mr. Kirkpatrick said he would not recommend the BEDC purchasing a tract of land west of the Colorado because that area is prime development land for private developers who are willing to develop it for a profit. However, there could be a possibility of partnering with a developer interested in an office campus or business park to help them overcome any hurdles and make their project successful. Mr. Kirkpatrick explained the BEDC's current business park fills the need for companies looking for shovel-ready sites that private developers are not going to deliver.

Mayor Kesselus requested that the Board discuss the possibility of annexing property on the west side of Bastrop. He would like the Board to make their recommendation on annexation from an economic development standpoint, to advise the City Council on exactly where annexation should take place. Ms. Brown pointed out that once an area is annexed, the City has three years to provide all municipal services to that area.

- 5. **UPDATE(S), REPORT(S), AND/OR ANNOUNCEMENT(S)** The BEDC, City of Bastrop, and Main Street Program will provide written reports and be available to answer questions from the Board. (includes items for update, discussion, and possible action)
 - 5.1. BEDC Projects and/or Business Mr. Kirkpatrick's report was included in the Board packet.
 - 5.2. Main Street Program Monthly Report Ms. Wood's report was included in the packet.
 - 5.3. City Manager's Report A synopsis of Mr. Talbot's City Manager report was included in the packet.
 - 5.4. City of Bastrop Comprehensive Plan Ms. Koch gave a brief update on the comprehensive plan.
 - 5.5. City of Bastrop Construction Projects The list of construction updates was included in the packet.

6. EXECUTIVE SESSION

- 6.1. At 7:32 p.m., Mr. Mills convened the BEDC Board of Directors into a closed/executive session pursuant to the Texas Government Code, Chapter 551, to discuss the following:
 - (1) **Section 551.071(1)(A) and Section 551.071(2)** Consultations with Attorney: (1) threatened and/or contemplated litigation, and (2) matters upon which the Attorney has a duty and/or responsibility to report to the governmental body.
 - (2) **Section 551.072** Deliberation about real property: including, but not limited to, potential sales, acquisitions, exchanges, leases, dispositions or values of real property: 'Project Bronze Star' and/or 'Project MT Star Wars'.
 - (3) **Section 551.087** Deliberation regarding economic development negotiations: 'Project Bronze Star', 'Project MT Star Wars', 'Project Jetblue', 'Project TC Williams' and/or 'Project Paul Bunyan'.
 - (4) **Section 551.074** Personnel Matters: Executive Director's Six Month "Interim Performance Review" and Update.

6.2. At 8:45, the BEDC Board of Directors reconvened into open session to discuss, consider and/or take any action necessary related to the executive sessions noted herein, or regular agenda items, noted above, and/or related items. There was no action taken.

7. BOARD INPUT ON FUTURE AGENDAS

- 7.1. Inviting input from the Board of Directors related to issues for possible inclusion on future agendas, related to (but not limited to) issues such as BEDC projects, property, economic development prospects, community events, and BEDC business. Mayor Kesselus requested that the Board discuss annexation, the ultimate use of the Business Park, and Mr. Liriano's request to discuss the committee structure of the BEDC Board. Mayor Kesselus said that filling Mr. Liriano's seat could also be placed on the next agenda, if it has not already been filled by then, and that Board members could make recommendations by sending an email to either him or the City Secretary.
- 8. **ADJOURNMENT** Gary Schiff made the motion to adjourn and Willie DeLaRosa seconded. The BEDC Board of Directors adjourned the meeting at 8:53 p.m.

Summary of Revenues

As of November 30, 2015

□ REVENUE: Sales Tax receipts represent 99% of the total budgeted revenue for the BEDC. As such, the line graph will be a good performance indicator as a comparison of sales tax receipts of the two previous fiscal years to the current fiscal year. Other revenue is included within the line graph to include Lease Agreement Income, Interest Income, and Miscellaneous Income.

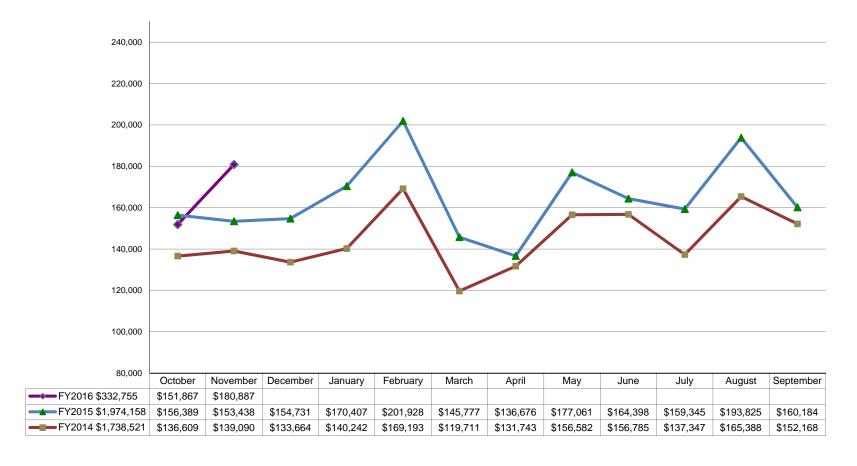

□ The spikes reflected on the graph in FY2014 are tied to specific transactions. These include the reimbursement of expenses from the Combination Tax and Revenue Certificates of Obligation, Series 2013 in February 2014 of \$102,638; and the transfer from Bond Fund proceeds to cover debt service costs in May 2014 of \$200,261. The spike in the graph in September 2013 reflects the sale of land for \$93,475.

Sales Tax Revenue Chart As of November 30, 2015

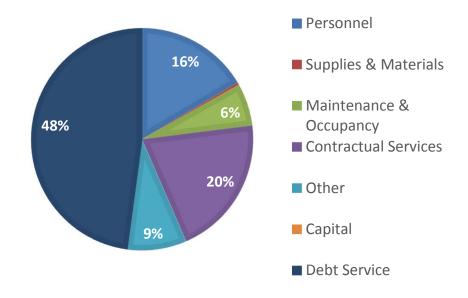

Sales Tax Receipts YTD reflect \$332,755 and are more than the prior year to date Sales Tax Receipts of \$309,806.

Expenditure Charts

As of November 30, 2015

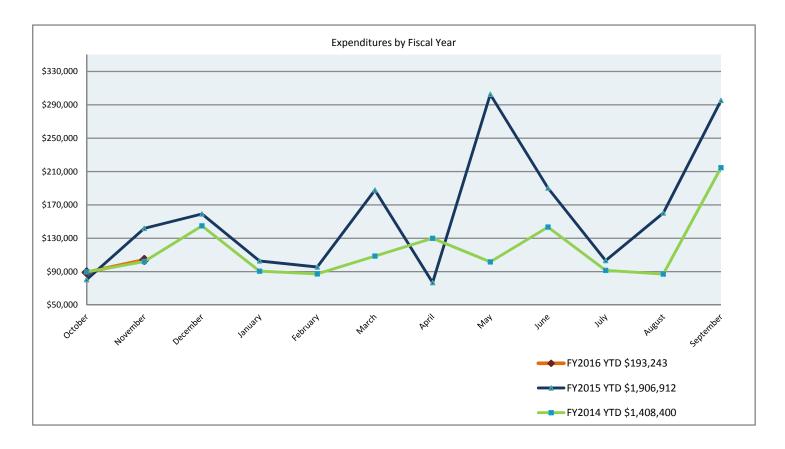

^{*} Chart reflects FY2016 Fiscal Year-to Date expenses as of Nov. 30, 2015. Data provided by City of Bastrop Finance Department records.

Expenditure Comparison Graph

As of November 30, 2015

EXPENSES: The line graph makes a comparison of the current fiscal year expenses to the last two fiscal year on a monthly basis. The funds' basic operations or fixed expenses should stay relatively flat or fixed on the line graph. The spike in May 2015 is due to the entry required for the donation of the Arena land to the City.

Re: Internal Financial Control Policy #3

The City of Bastrop Finance Director and BEDC Executive Director have been working for several months discussing the financial policy and controls of the BEDC. One of the topics has been related to maximizing interest income on BEDC funds. Attached is a memo from Finance Director Tracy Waldron. She will also be present at the BEDC meeting to further discuss.

The Finance Department is recommending the BEDC Board give the necessary authority to deposit the "reserve" or "restricted" funds in a financial instrument other than the depository account within compliance of the City of Bastrop Investment Policy. These are the 90 day or 25% of revenue funds to be used only in the event of an emergency. These funds do not need the liquidity of the main depository account and the most likely investment vehicle would be a certificate of deposit. The proposed Internal Financial Control Policy #3 would allow the Board Chair, Finance Director, and Executive Director the authority to review the investment vehicles and make the determination based on the best interest of the BEDC in compliance with City Investment Policy.

Memorandum

Dec. 7, 2015

To: BEDC Board

From: Tracy Waldron, Chief Financial Officer

Re: 90 Day Reserve Investment

The only investment that BEDC currently has is in TexPool which is earning .1105% APR. There are other investments that are earning a much greater rate of return. With a Cash Flow Analysis, we can determine BEDC's cash liquidity needs. The additional amount available can be invested in markets that earn a greater rate of return. The 1 year CD's are averaging .70% APR. The idea is to ladder the CD's \$245,000 each so that there are always CD's maturing if more cash is needed. This approach will increase the interest income that the idle funds are earning.

BASTROP ECONOMIC DEVELOPMENT CORPORATION INTERNAL FINANCIAL CONTROL POLICY #3

In addition to full compliance and conformance with its Bylaws, State law, and the applicable City of Bastrop financial, accounting, reporting and purchasing policies and procedures, the Board of Directors of the BEDC also requires its management and staff to adhere to the BEDC-specific Internal Financial Controls ("IFC"s), which are hereby adopted as a formal policy of the BEDC Board. ("IFC Policy")

The BEDC IFC Policy shall include the following IFC #3:

BEDC Internal Financial Control No. 3: Certain BEDC funds, commonly referred to by the Board of Directors as "reserved" or "restricted funds", may be placed in alternative investment options/instruments, when jointly agreed upon by and between the Board Chair, Executive Director and the City of Bastrop's Director of Finance, so long as the alternative options/instruments selected for such placement have been formally approved and adopted by the City of Bastrop for it municipal Financial Investment Policy.

The IFC Policy of the BEDC may be amended from time to time to add or delete the financial controls noted herein, as determined to necessary and in the best interest of the operation of the BEDC by the then controlling Board of Directors.

Approved By The Majority Vote Of The BEDC Board Of Directors On this 14th Day Of December, 2015.

Re: Texas CLASS and TexPool

The City of Bastrop Finance Director and BEDC Executive Director have been working for several months discussing the financial policy and controls of the BEDC.

The Finance Department is working on putting together the documentation requested by the Board to validate the request by the Executive Director and Finance Department to open a Texas CLASS and/or TexPool account for the deposit of the BEDC funds (cash). For clarification, the BEDC is a separate entity (non-profit) from the City of Bastrop (government), with its own tax payer identification number from the Internal Revenue Service. Although the BEDC and City funds have been co-mingled in the previous years, it is not good accounting practice. The City's finance team brought this to our attention and is requesting the BEDC Board give the authority to open a depository account and transfer the funds to an account associated with the BEDC tax payer identification.

Memorandum

Dec. 7, 2015

To: BEDC Board

From: Tracy Waldron, Chief Financial Officer

Re: BEDC Funds being separate from City Funds

Section 330.15 of the FDIC's regulations (12 C.F.R. 330.15) Section 330.15 of the FDIC's regulations (12 C.F.R. 330.15) governs the insurance coverage of public unit accounts. This section also states that public unit deposits may be secured by collateral or assets of the bank. Since BEDC is not a "public Unit" and does have its own Tax ID # separate from the City, it's funds are only insured up to the FDIC limit of \$250,000. It was the recommendation of our Financial Consultant, Patterson & Assoc. that we separated the BEDC operating funds out of the pooled funds of the City.

The BEDC is a separate corporation and not a department of the City and therefore, our transactions should reflect this. Currently, at TexPool all funds are still reported in one account. I would like to request that the BEDC open a separate account so as to clearly track their funds separate from the City's.

Resolution to Participate

BEDC Resolution No. 12142015-1

WHEREAS, the Public Funds Investment Act, Texas Government Code, Section 2256.001 et seq. (the "Act"), requires the governing body of each local government in this State to adopt investment policies in accordance with the terms of the Act; and

WHEREAS, pursuant to the requirements of the Act, the Board of Directors (the "Board of Directors") of the Bastrop Economic Development Corporation, (the "BEDC") has previously reviewed and adopted an investment policy (the "Policy") that provides, in part, that the funds of the BEDC will be invested in investments permitted by the Act in order to: (i) invest only in investments legally permitted under Texas law; (ii) minimize risk by managing portfolio investments so as to preserve principal and maintain a stable asset value; (iii) manage portfolio investments to ensure that cash will be available as required to finance operations; and (iv) maximize current income to the degree consistent with legality, safety and liquidity; and

WHEREAS, pursuant to the Policy and the Act, the Bastrop Economic Development Corporation has appointed (the "Investment Officer") to act as the investment officer of the Bastrop Economic Development Corporation; and

WHEREAS, the Act provides that funds under the control of a Bastrop Economic Development Corporation may be invested through investment pools meeting the standards of Section 2256.016 of the Act; and

WHEREAS, the BEDC has received and reviewed the Information Statement, dated October 1, 2013 (the "Information Statement"), of Texas Cooperative Liquid Assets Securities System, an investment pool administered by Public Trust Advisors, LLC, (the "Program"), which sets forth the information required by Section 2256.016(b) of the Act; and

WHEREAS, the Bastrop Economic Development Corporation has determined that the investments proposed to be acquired by the Program are of a type that are permitted by the Act and are consistent with the Policy; and

WHEREAS, the Bastrop Economic Development Corporation has determined that an investment in the Program will assist the Bastrop Economic Development Corporation in achieving the goals set forth in the Policy, and will tend to preclude imprudent investment activities arising out of investment transactions conducted between the Bastrop Economic Development Corporation and the Program; and

WHEREAS, the BEDC understands that the Program operates through the Sixth Amended and Restated Trust Agreement dated as of August 16, 2013 (the "Trust Agreement"), which provides the terms on which the Program will operate and the rights of the participants in the Program and sets forth the responsibilities of Public Trust Advisors, LLC, as the administrator of the Program (the "Administrator"), and of Wells Fargo Bank as custodian (the "Custodian").

NOW THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE BASTROP ECONOMIC DEVELOPMENT CORPORATION:

RESOLVED, that the form, terms and provisions of the Trust Agreement, a draft of which was presented and reviewed at this meeting, providing for the creation of the Program and for the rights of the Program participants and the duties and responsibilities of the Administrator, be and the same are hereby approved and adopted; and that the Investment Officer be and he or she is hereby authorized and directed to execute and deliver to the Administrator and the Custodian in the name and on behalf of the Bastrop Economic Development Corporation, a participation certificate evidencing the agreement of the Bastrop Economic Development Corporation to be bound by the Trust Agreement substantially in the form of the Trust Agreement reviewed and approved at this meeting, together with such changes therein as may be approved by the said officer, such approval to be conclusively evidenced by the execution thereof; and be it further

RESOLVED, that the investment program established by the Trust Agreement is hereby found and determined to be consistent with the Policy, and to preclude imprudent investment activities arising out of investment transactions conducted between the Bastrop Economic Development Corporation and the Program; and be it further

RESOLVED, that the BEDC Board of Directors hereby officially finds and determines that the facts and recitations contained in the preamble of this Resolution are true and correct; and be it further

RESOLVED, that the BEDC Board of Directors hereby finds and declares that written notice of the date, hour, place and subject of the meeting at which this Resolution was adopted was posted for the time required by law preceding this meeting, and that such meeting was open to the public as required by law at all times during which this Resolution and the subject matter thereof were discussed, considered and formally acted upon, all as required by the Open Meetings Act, Chapter 551, Texas Government Code, as amended, and the Act; and be it further

RESOLVED, that the officers of the Bastrop Economic Development Corporation, and each of them, shall be and each is expressly authorized, empowered and directed from time to time to do and perform all acts and things and to execute, acknowledge and deliver in the name and under the corporate seal and on behalf of the Bastrop Economic Development Corporation all certificates, instruments and other papers, whether or not herein mentioned, as they may determine to be necessary or desirable in order to carry out the terms and provisions of this Resolution and of the Trust Agreement hereby authorized and approved, such determination to be conclusively evidenced by the performance of such acts and things and the execution of any such certificate, financing statement, instrument or other paper; and be it further

Re: TEDC Winter Conference

Texas Economic Development Council (TEDC) will hold the Winter Conference at the Hyatt Regency Lost Pines in February 2016. The previous Executive Director worked with TEDC to arrange for the conference to be held in Bastrop.

It was brought to my attention at the last TEDC conference that the upcoming Winter Conference would be held in Bastrop. The host community normally provides a sponsorship in recognition and appreciation of being selected to host a conference. This sponsorship was not included in the FY 2015-2016 budget. Attached is the necessary budget transfer to fund the additional \$5,000 out of contingency without affecting other marketing programs.

December 2015 Board Meeting

After visiting with Steve Mills, he has suggested moving the December meeting up a week to December 14, 2015 at 6:00 p.m. The meeting will be held at the BEDC offices due to technology improvements that will be under construction in the City Council Chambers. The original date for December was the 21st, the week of Christmas.

BEDC Financial Matters

Finance Department is working on putting together the documentation requested by the Board to validate the request by the BEDC Executive Director and Finance Department to open a Texas CLASS and/or TexPool account for the deposit of the BEDC funds (cash). For clarification, the BEDC is a separate entity (non-profit) from the City of Bastrop (government), with its own tax payer identification number from the Internal Revenue Service. Although the BEDC and City funds have been co-mingled in the previous years, it is not good accounting practice. The City's

finance team brought this to our attention and is requesting the BEDC Board give the authority to open a depository account and transfer the funds to an account associated with the BEDC tax payer identification.

The Finance Department is also recommending the BEDC Board give the necessary authority to deposit the "reserve" or "restricted" funds in a financial instrument other than the depository account within compliance of the City of Bastrop Investment Policy. These are the 90 day or 25% of revenue funds to be used only in the event of an emergency. These funds do not need the liquidity of the main depository account and the most likely investment vehicle would be a certificate of deposit. The proposed Internal Financial Control Policy #3 would allow the Board Chair, Finance Director, and Executive Director the authority to review the investment vehicles and make the determination based on the best interest of the BEDC in compliance with City Investment Policy.

Self-Evaluation

I have been diligently working on my self-evaluation. With moving the BEDC meeting my efforts needed to be focused on assembling the Board packets. I anticipate my self-evaluation being completed before the Christmas holidays.

Bastrop Rotary Presentation

I presented to the Bastrop Rotary club regarding programs and initiatives of the BEDC, with focus on workforce, fiber connectivity, and IT industry.

Board Chair Weekly Meeting

Steve and I meet regularly at breakfast to discuss projects and current issues of the BEDC. It was decided that we begin including another Board member in the meeting for input and informational purposes. Kristi Koch participated in the current week's breakfast meeting.

Elliott Electric and BEFCO

Angela Ryan met with BEFCO and Elliott Electric. After developing the site plan, they will be asking the Board for some minor variances to the CCR's. In order to keep the project on time, they have requested a special meeting of the Board in early January to review the variance request and present the landscaping plan. Elliott Electric's preference is for xeriscaping, which would conserve water.

Items for Future Board Meetings

The following items have been requested for future meetings.

December 14, 2015

- Financial Matters (Shawn Kirkpatrick)
 - o Pooled Cash Fund
 - o Internal Financial Controls for Reserve/Restricted Funds
- Comprehensive Plan update (Mayor Ken Kesselus and Kristi Koch)
- BEDC Vice Chair officer election (Shawn Kirkpatrick)
- BEDC Billboard and marketing materials (Kristi Koch)

Future Meetings

- BEDC Executive Director self-evaluation
- Committee structure (Carlos Liriano and Mayor Ken Kesselus)
- Main Street Improvement Project (Mike Talbot)
- Business and Industrial Park infrastructure development (Shawn Kirkpatrick)

- East 80 acres Land Use Study (Kristi Koch)
- Historic Bridge lighting (Kristi Koch)
- Consideration/Recommendation to the City of Bastrop regarding possible annexation (Mayor Ken Kesselus)

Education and Workforce Development

Bastrop ISD HB5

HB5 Cluster Initiative. After several high-level meetings with community and state partners, BISD is working with ACC to integrate vocational technical (continuing education) into the high school HB5 clusters. Currently, the automotive program is most advanced, with BISD and ACC working to integrate 1 to 3 ASE certifications into the high school program. BISD and ACC are exploring options to offer all 8 of the ASE certifications. BEDC staff is working on identifying other industry partners that fit within the HB5 clusters to expand the vocational technical programs offered within BISD. Through integrating BISD and ACC into the vocational technical programs, the real possibility exists of additional post-secondary adult education for Bastrop residents. The Bastrop County Business and Education Alliance has been instrumental in this topic and is leading the effort. BISD and ACC have begun examining other certification programs that fit within the HB5 cluster.

Bastrop Job and Career Day

The Bastrop Job Fair in 2015 was a huge success. BEDC staff has begun meeting with the partners in anticipation of the 2016 event. The high school and adult job fairs will be separated into two distinct events for 2016. Staff met with the high school principals on October 26th to launch the planning process. The Bastrop Youth Career Day will be May 25th at the Performing Arts Center.

Bastrop Job Fair

October 1, 2015 is the tentative date for the Bastrop Job Fair. Planning will begin sometime in the spring 2016.

Business Retention and Expansion (BRE)

Bastrop Redevelopment Program (official name TBD). For FY2016 the BEDC will launch a redevelopment program for the corporate limits of the City of Bastrop. This program will replace the previous Façade and Mega-grant Program. I met with the Main Street Design Committee and asked for a representative to help craft the new program. If a BEDC Board member would like to participate in the process please contact Angela Ryan.

Cripple Creek Building, 928 Main Street, Bastrop, Texas. Steve Mills and I toured the building on Thursday, October 22nd, with the new owners. They are working on their scope of work and business plans for the building. With the suspension of the mega-grant program, the owners have been asked to put their redevelopment plan together for staff to review and possible consideration by the Board.

BEDC Building at 903 Main. No additional update at this time.

Main Street CIP – Infrastructure. Mike is working on putting the project together and will come to the Board at a future meeting.

Economic Development Forum. We are working with the Chamber and Main Street on hosting an economic development forum in the spring of 2016. Programming is TBD; tentatively we are discussing workshops for small business in the morning, a mid-day session on economic development, and state of our economy and afternoon workshop sessions (topics TBD).

Marketing and Recruiting

Business Park – Infrastructure. Project rescinded by Board. On-hold. I am working with a project on the north end of Technology Drive. This is a BRE project and could affect the next phase of development. Staff's recommendation to the Board at this time is to allow Project Bonze Star to develop prior to making any decision on expanding the infrastructure in the Business Park.

Lot A-1 and A-7. BEFCO has prepared a preliminary site improvement estimate to prepare both lots for future office (campus) development.

Project Artic Sea (PPP). Steve, Kristi and I will be meeting with the private developer on December 16th to give an overview of public-private partnerships and concept for an office/campus development within the Business Park. Looking at a January or February 2016 presentation to the full Board to discuss the concept and project.

Fiber Connectivity. We have been meeting with 1GB plus fiber providers to develop a community solution and provide the connectivity needed to attract IT and Bio/Life Sciences companies. A potential provider met with the City this week and is developing a financial model.

Land Use Study

Accepted by the Board at the July 2015 meeting. Staff met with Bowman Consulting and they are putting together a budget for next steps.

Medical Demand Analysis

I met with one of the healthcare providers this week and they will be getting with County Judge and working with him to put together a countywide solution. This will come back to the BEDC at a later date.

Hwy 71/95 Billboard

We have been in touch with Proof Advertising who has designed the existing billboards for BMC and DBA. This selection was made to maintain a consistent message across the community billboard campaign.

Internal Marketing.

As part of our internal marketing campaign, a series of OpEd styled news releases are under development to provide information to the community about BEDC activities and education on economic development.

Opportunity Austin Economic Development Guide.

Staff has contracted with OA/Texas Monthly for ad placement. Our marketing team has begun development of the ad copy.

"Quality of Life".

In our rebuild of our marketing materials, we will begin development of collateral focusing on Bastrop's quality of life.

Chamber and EDC support of Bastrop ISD.

The BEDC partnered with the Chamber to produce collateral about the successes in BISD. The Chamber is developing the material.

Photography.

The BEDC has contracted to have 8 to 10 professional still and drone photographs taken the first part of December.

Project updates removed for Board meeting

Excerpts from City Manager's Report (12/08/15) for BEDC December Board Meeting

- II. Update on City Projects and Issues:
- B. Review and Discussion of the City Manager's Proposed "Deal Points" for the Construction of Wastewater Plant #3 to Include West Bastrop Village: At the December 1, 2015 Special City Council Workshop, I presented the City Council with a "Preliminary Draft Deal Point" summary regarding the future construction of "Wastewater Treatment Plant #3" [WWTP#3] which will be designed and constructed specifically to include treatment capacity to serve the "West Bastrop Village Municipal Utility District [WVB] development. I realized that we covered a lot of detailed and complex information in a relatively short period of time. One point I wish to clarify for the Council is that, based upon the growth that the City is currently experiencing in the western area of the City, and if we do not take service to WBV into consideration, the new WWTP#3 would only need to have a total capacity of one (1) million gallons per day ["MGD"]. However, with WWTP#3 providing wastewater service to WBV, the City will be required to build a larger plant (i.e., an increase of treatment capacity of five hundred thousand gallons per day [0.5mpg]. This means that, rather than building a 1 mgd plant, the City will have to build 1.5 mgd plant. Of course building a bigger wastewater treatment plant will also necessitate building larger wastewater collector mains, etc. Notably, this will also require the City to build the plant to comply with the TCEQ's newer regulations, which is also more expensive. The concept of the preliminary deal point summary that was provided to you is that anything that the City is required to build over the 1 mgd plant to serve the WBV MUD (including the oversized wastewater collector mains) the WBV MUD will be asked to pay their *pro-rata share* of. I hope that on Tuesday evening, we have time to go over these preliminary deal points a second time, inasmuch as the WBV Developer is seeking to have a preliminary agreement on these points memorialized guickly, so that she may move forward with her project. In this regard, I need the Council to study this information carefully and provide me with your input and feedback as quickly as you are able, including asking any follow-up questions you may have, regarding this approach to the new WWTP#3 construction and financing.
- D. <u>Update and Discussion Regarding the Annual City Council Planning Retreat for January 2016</u>: The City Council has previously agreed to hold the Council's annual Planning Retreat on Saturday January 16, 2016. Unfortunately Mayor Kesselus has had an unexpected family event come up and will not be able to attend on that date. The Mayor has offered two alternatives for consideration by the Council:
 - ➤ Hold the Planning Retreat on January 23, 2016, which was the alternate date the Council had originally considered for the Planning Retreat, or
 - Move forward with the Planning Retreat, as scheduled, on January 16, 2016 and have Mayor Pro-Tem De La Rosa conduct the Planning Retreat.

I need to get a decision on the date from the Council Tuesday evening because, after that day, it will be too late to change the date at the Hyatt, and the Council will be locked into holding the retreat on January 16, 2016. Please advise.

E. <u>Update on the Texas Department of Transportation (TxDOT) Proposed Phase III Improvements for S.H. 71</u>: The City Engineer, Wes Brandon, and I met with Roy Dill, TxDOT Area Engineer, to discuss a proposed revision to the original "schematic" layout 4 of the SH 71 corridor, specifically in the vicinity of the Union Pacific Railroad and the eastbound portion

of SH 71. The revision comes as a result of the previous 'value-engineering study' conducted in 2013, and proposes to replace a planned 'east-bound at-grade railroad crossing' with an above-grade crossing. Please note that this proposed revision has been discussed on multiple occasions over the last two years, and now TxDOT is simply requesting that the City formally acknowledge and give formal approval to the proposed change. This is a standard requirement prior to TxDOT commencing the public involvement process, at which time the revision to the schematic (i.e. the 'original plan') will be presented publicly. I am providing this request to City Council for its review and consideration. I would ask for the City Council to formally accept this design.

- H. <u>Update on Filling the Vacancy of the Main Street Director</u>: The City received a total of thirteen (13) applications for the "Main Street Director" position. To date the City has selected five (5) candidates to interview. Of the five (5) candidates selected to be interviewed, two withdrew their application for consideration for the position of "Main Street Director". The panel interviewed two (2) candidates on Friday, December 4, 2015 and will complete the interview process on Monday, December 7, 2015, with the interview of the other applicant currently under consideration.
- I. <u>Update on the Texas Department of Transportation "Tahitian Village Overpass" Project.</u> Since my last update, Hunter Industries, the contractor responsible for the project, has continued the work needed to install the overpass retaining walls and bridge support for this project. This work involves an extensive amount of excavation, earth-moving, and concrete placement, and will continue to be the major focus of their work in the coming weeks. They have also begun installing the decorative wall panels. Regarding current traffic movements, we (unsurprisingly) experienced heavy delays over the Thanksgiving Holiday weekend due to the tremendous volume and restricted movement of traffic throughout the intersection. However, because of the close coordination between City P.D. and TxDOT officials, the delays appeared to be relatively subdued compared to previous holidays. Traffic in this area is always congested during the holiday travel period. The contractor is continuing the work necessary to provide free u-turn movements on both sides of the intersection, which should relieve the thru lanes of vehicles needing to make a u-turn. They are also working to install the proposed illumination improvements for the project. We will continue to monitor traffic movements and coordinate any necessary changes with TxDOT.

Overall, the project is approximately 60% complete and is currently on schedule. In the coming weeks, the contractor will be continuing their work on the bridge supports, retaining walls, as well as other roadway and lighting improvements intended to enhance traffic flow.

- K. <u>Update Regarding the Creation of a "Destination Marketing Organization" [DMO]</u>: I have been going through the materials that have been generated by the Council regarding the future work on the creation of the "Destination Marketing Organization" [DMO], including materials and the recommendation from the "Vision Task Force" and the Council Workshop of November 17, 2015. It is my strong recommendation that the "DMO" come under the purview of the City of Bastrop (e.g., as a new City Department) with the following components:
 - > Creating a "Department of Tourism" and hiring an individual, with expertise in DMO formation and coordination, to coordinate with a City "Advisory Board." The

Department, with the aid of the Advisory Board would create and pursue marketing with a unified "Tourism Message" for the City of Bastrop.

- Create a DMO/Tourism "Advisory Board" comprised of seven [7] to nine [9] individuals, to be appointed by the City Council.
- > Re-evaluate current City organizational structure, involved in tourism/marketing activities and re-organize certain departments to be incorporated under and folded into the "Department of Tourism."
- Work closely with Hyatt Regency Lost Pines Resort & Spa, as the City transitions from the 'Bastrop Marketing Corporation' to the creation and use of its own "Department of Tourism" and its City "DMO/Tourism Advisory Board".

I have studied various alternatives for beginning the work to develop the DMO for several months now, including working with experts in the industry and Susan Word, of ForWard, related to the organization of the City's structure, with special attention to the needs of the Convention Center, and the structure I recommend, above, in my view, is the best approach to transition the community and the City from the currently utilized "multi-party" marketing approach used in the City (and funded by the City through HOT revenues) to a much more controlled and unified approach that will maximize the City's expenditure of HOT funds, in the future and will assist the City with making the Convention Center a successful venue.

With the approval of the City Council of this proposed "concept," I would estimate that the work required to put the 'formal structure' of this proposal [e.g., job description, ordinances, agreements, etc.] will take no longer than forty-five [45] to sixty [60] days. The speed in which this proposed "concept" can be put into operation will be based upon the Council's discussion and work with "Hyatt Lost Pines Regency Resort & Spa" on Tuesday evening and how quickly the City and the Hyatt formalize their future arrangement in that regard. I am asking the Council to formally approve this approach on Tuesday evening, so that I can continue to move forward with this approach. **Please advise**.

M. <u>Update on the Pecan Park Subdivision</u>: The City recently received a letter from a property owner's representative who is adjacent to the Pecan Park development, regarding the proposed channel drainage improvements for the Pecan Park subdivision. Specifically, the adjacent property owner expressed very serious concerns about a proposed drainage channel being located adjacent to their western property line. According to the letter, the adjacent owner believes that the location of the channel, if constructed according to the construction plans, would create an unreasonably dangerous condition and could potentially cause flooding damage to the their property, though the developer's engineer sealed plans indicating otherwise.

In response to this letter from the attorney for the adjacent owner, we indicated that the improvement plans had been previously reviewed and accepted by the City, and were deemed to be compliant with City ordinances and construction standards, based on the sealed plans of the developer's engineer who designed the channel. We further indicated that 'all responsibility and liability for the channel's performance and safety' would rest with the developer and/or engineer.

Nevertheless, in an effort to address the concerns of the adjacent property owner, the developer's engineer submitted revised construction plans detailing the re-alignment of the

proposed channel approximately 50' west of its originally planned location (i.e. further away from the adjacent owner's property line). The City Engineer has reviewed the revised plans and has considered them to be in compliance with the City's ordinances and construction standards. Today, I spoke to the contractor responsible for the construction of the channel, and he indicated that they planned to commence work on the remaining channel improvements as early as Monday, December 7th. The realignment of the channel is in accord with what the adjacent property owner requested and should resolve their concerns. Again, this is strictly a private property dispute at this time, but I wanted to facilitate a resolution between them, if at all possible.

N. Review of the Power Outage in Alley D on December 3, 2015: At approximately 8.45 am, Bastrop Power & Light (BP&L) received a call from the Bastrop Police Department (BPD) regarding a vehicle and a downed power pole near Water and Chestnut Streets. The BP&L crews were working at Bastrop Station and immediately responded to the scene of the down power lines. In addition, multiple calls were received regarding power outages in the vicinity.

Upon BP&L's arrival at the scene, a box truck was observed with a pole lying across the truck along with several transformers lying around parked vehicles. It was determined that the box truck was making a delivery in Alley "D" but that it was too tall for proper clearance of the various City utility lines that cross overhead in Alley "D". As a result, a line was snagged by the truck pulling over banks of transformers and two (2) utility poles and leaving the area without service. BP&L's personnel believe the box truck and two (2) vehicles sustained damage from the incident.

The BP&L crew immediately began evaluating the situation and began working to restore power to as many customers as possible. By 9:30 am, power had been restored to all but twelve (12) electric services located from 921 Main Street north to Chestnut Street, and from Main Street to Water Street along Chestnut Street. Emergency locates were ordered so that the fallen poles could be replaced. (Please note that emergency locates require 2 hours for all utility lines to be identified and marked before work can begin.) In addition, the Vac-Truck was utilized while digging for placement of the new poles to further identify conflicting utility services in the area.

The entire BP&L crews were on-site until power was restored to all customers at approximately 11:30 pm on the evening of December 3, 2015. The crew performed a complete rebuild of the damaged services, which included setting 2 new poles, replacing 2 banks of transformers, replacing the primary conductor, verifying the voltage for each electric service, etc. This was an unfortunate emergency event. I commend the hard work of the City crews in getting all of the infrastructure replaced and power restored to this area. It was a very difficult challenge for everyone involved. We apologize to our inconvenienced customers.
