EXECUTIVE DIRECTOR'S INFORMATIONAL UPDATE REPORT - Items for update, discussion and possible action:

- A. Meetings, Events and Travel attended/upcoming
 - 1. TxDOT Informational Meeting October 22 Mayor Kesselus commented that Mr. Schiff had done a great job speaking at the meeting.
 - 2. RECA (Real Estate Council of Austin) Quarterly Luncheon November 10 Mrs. Ryan reported the event was well-attended and she had received a lot of positive feedback.
 - 3. Bluebonnet Electric Cooperative Economic Forum November 20, Bastrop Convention Center – Mrs. Ryan said a quorum notice had been posted for the event and offered to RSVP for any Board member who wanted to attend.
- B. Update on BEDC Projects and/or Business:
 - 1. Main Street Program Update (Nancy Wood) Ms. Wood reported that Main Street Café would be opening in the former Deli Depot space. Jennifer Johnson, the winner of the 2013 Business Plan Competition, would be opening Johnson's Bakery on November 18, on Old Austin Hwy next to Sherwin-Williams. This year's competition is tomorrow night, with four entries. Ms. Wood reported that the BEDC had won the Texas Downtown Association President's Award for the BuyBastropTX campaign.
 - 2. Update on construction of infrastructure and other projects in the Business & Industrial Park – Mr. Talbot said the updates he had were all concerning pending prospects and he would discuss them in Executive Session.
 - Update on Bastrop Area Housing Study Mr. Talbot said that RCLCO anticipates having the preliminary results of the study ready by Thanksgiving.
 - 4. Update on the status of the Bastrop Downtown Transportation Study Mr. Talbot reported that he had met with a consultant who had a lot of experience with conducting downtown traffic studies. The results of the updated 2009 study were very similar to the original results.
 - 5. Update on the City of Bastrop purchasing the former Advertiser Building Mr. Talbot said that at this point, the only paperwork needed is a corporate resolution from Cox Media.

- They can then close on the property. Mr. Talbot said the building will require an asbestos evaluation before it can be removed. He said the plan is to install a concrete parking lot with the structural integrity to support a parking garage in case one is built in the future. All of the utilities will be relocated. Mr. Talbot said this would be a joint project between the City of Bastrop and the BEDC.
- 6. Update on leasing the property (public parking) located at the southwest corner of Pine Street and Water Street Mr. Talbot said that he would coordinate with Mr. Kershaw and hoped to have the parking lot opened by the end of the week.
- 7. Update on FY2013/2014 BEDC Annual Operating Budget Mr. Talbot explained that there was not a financial report in the Board packets this month because the Finance Department was still working on closing out last fiscal year.
- 8. Update on construction projects in the City of Bastrop Mr. Talbot said that XS Ranch had made a presentation to City Council, and they approved an amendment to their MUD to increase the density. Their plans are to begin construction of the first phase early next year. The preliminary plat for Pecan Park was also approved. Mr. Talbot reported that three or four additional tenants will be opening at Burleson Crossing.

A. CONSENT AGENDA

A.1 Approval of meeting minutes of the Regular Board Meeting of October 20, 2014. Mr. Gutierrez made the motion to approve the minutes as submitted, Dr. Gurwitz seconded, and the motion passed.

B. PUBLIC HEARINGS

C. OLD BUSINESS

C.1 Consideration, discussion and possible action on approval of the amended 'Economic Development Agreement' between the Bastrop Economic Development Corporation and Niece Equipment. Mr. Talbot recommended that Mr. Mills be authorized to sign the documents once everything is finalized. Ms. Brown reminded the Board what changes had been made to the agreement: the number of employees had decreased from 50 to 25; the capital investment had decreased from \$2.25 million to \$1.75 million; and the Board had decided to sell the property to Mr. Niece "as is", that the BEDC would have no obligation to perform further site improvements. Ms. Brown said she still needed to know the name of the company to include in the agreement, since she had been told it would not be under the name of Niece Equipment. She said she also needed to know the length of time the Board would allow the company to keep finished inventory on the property. After further discussion, Mr. Gutierrez made the motion to approve the amended agreement between the BEDC and Niece Equipment, with the correct name of the company once it's received, and the provision that finished inventory can remain onsite up to 90 days, with the offer remaining open until December 15, 2014. Mrs. Crawford seconded, and the motion passed. Mr. Talbot said he would prepare a cover letter which would include the deadline.

C.2 Consideration, discussion and possible action on a resolution by the Bastrop Economic Development Corporation authorizing Chairman Steve Mills and/or Interim Executive Director Mike Talbot to execute all necessary contracts and related documentation necessary to finalize the conveyance of 4.236 acres in the Bastrop Business & Industrial Park to Niece Equipment. Mr. Gutierrez made the motion authorizing either Mike Talbot or Steve Mills to execute the closing documents on the Niece Project. Mayor Kesselus seconded, and the motion passed.

C.3 Consideration, discussion and possible action on a proposal by the Bastrop Parks Board to use a portion of the Bastrop Business & Industrial Park for a disc golf course. Mayor Kesselus said he felt the Board should make a decision about the possibility of the Parks Board using 40 acres in the hilly area of the Industrial Park for a disc golf course. After discussion, Mr. Talbot said he would arrange for him and Mr. Mills to tour the area and the Board would make a decision by the January Board meeting. Mr. Talbot said he would let the Parks Board know.

D. NEW BUSINESS

D.1 Consideration, discussion and possible action on approval of amending the Bastrop Economic Development Corporation's Fiscal Year 2015 budget in the amount of \$35,000 for the cost of the Bastrop Area Housing Study. Mrs. Crawford made the motion to amend the 2015 budget in the amount of \$35,000 in order to fund the Housing Study. Mr. Gutierrez seconded, and the motion passed.

D.2 Consideration, discussion and possible action on proposal(s) from The Retail Coach for continuation of services. Mrs. Ryan explained The Retail Coach had submitted two proposals. The first was to provide 2015 demographic information, at a cost of \$4,500. The second option was for The Retail Coach to provide an updated gap analysis and retailer match list, as well as 2015 data, at a cost of \$9,500. They would also continue to work with local developers to help recruit retailers to the area. Mrs. Ryan pointed out that many of the retailers on the 2011 retail match list had already located in Bastrop, such as Academy and Hobby Lobby, and that accurate and up-to-date data plays a definite role in attracting retail. After a brief discussion, Mrs. Crawford made the motion to approve the proposal from The Retail Coach in the amount of \$9,500, Dr. Gurwitz seconded, and the motion passed.

D.3 Consideration, discussion and possible action on approval of the proposed revisions to the BEDC Restrictive Covenants for the Bastrop Business & Industrial Park. Ms. Brown summarized the proposed changes to the Restrictive Covenants: allowing two (2) inch caliper trees instead of four (4) inch and allowing non-opaque fencing for security purposes. Mrs. Ryan asked if the map exhibit could be updated. Mr. Talbot said he would take care of it. It was decided to postpone approval of the changes until the next Board meeting in order for the Board to have additional time to review the Restrictive Covenants for other possible changes.

D.4 Consideration, discussion and possible action on approval of the proposed revisions to the BEDC Bylaws. Ms. Brown summarized the proposed changes to the Bylaws: references to the "President/CEO" have been changed to "Executive Director"; areas dealing with vacancies, absences, and ethics now refer back to the City's Code; and deleting the portion which says that checks require two signatures, since the City's Finance Department handles all payments. Ms. Brown said there was no need to add verbiage about staggering board terms. She said that in 2015, the terms of five Board members would end (Steve Mills, Gary Gutierrez, Neil Gurwitz, Pat Crawford, and Willie DeLaRosa, since his term is concurrent with his City Council term). Ms. Brown explained that in order to get back on the staggered schedule, for next year's appointments the Mayor could simply appoint some Board members to two year terms and others to one year terms. In the case of a Board member being appointed to fill a vacancy in the middle of a term, the person appointed would fill the remainder of that term, and not a full two years. Mayor Kesselus asked if a change could be made to the Bylaws which would allow the Mayor to appoint a City Council member to serve on the BEDC Board in the Mayor's place, and that the Mayor can reclaim the seat if he or she feels it necessary. Ms. Brown said she would make the change for the next Board meeting.

F. PARKING:

Employees' and visitors' parking shall be provided in off-street permanently paved parking areas at a minimum standard of one passenger car parking space for each one thousand (1,000) square feet of warehouse building areas, for each five hundred (500) square feet of manufacturing building area, and/or for each two hundred fifty (250) square feet of office building area. Reinforced concrete paving five (5) inches thick shall be required for all access roadways and loading and unloading areas. No use shall be made of the property or any building constructed which requires or is reasonably expected to require or attract parking in excess of the facility's capacity or the facilities maintained therein on said property. Parking will not be permitted on any street or any place other than the designated paved parking areas, and each owner or lessee will be responsible for compliance by their respective employees or visitors. If parking needs increase, additional off-street parking shall be provided by the property owner, in accordance with the above formula.

Parking may be located at the rear, sides, or front of the buildings. If located at the front of the building, a parking area shall be set back a minimum of ten (10) feet from the property line and shall be separated from the property line by a required landscaped area (See, Landscaping), or as determined by the City's Code.

Parking layout and materials used for construction of parking areas must be approved by BEDC prior to construction.

G. LANDSCAPING:

All open, unpaved areas, including but not limited to fronts, sides of buildings, and all setback areas, shall, upon development, be planted and landscaped according to a plan

submitted for approval by the property Owner to the BEDC. Approval of any such plan will be based on its harmony and consistency with the general character and aesthetic quality of the Industrial Park, as a whole. In particular, a landscape strip or front yard in a minimum width of twenty (20) feet must be designed and installed by the developer, along the street frontage adjacent to the property line and street right-of-way. This landscaped area shall contain: (i) ground cover and/or grass and must be consistently and properly maintained, and (ii) trees, such as live oaks, pines, elms, or other native tree varieties, and each tree must have a minimum of two (2) inch caliper measured one foot from the ground level. Trees must be planted in a random layout, with an average spacing between trees of not more than fifty (50) feet. If tracts of land are being held for future development, within sixty (60) days of purchasing/closing such tracts, the new Owner(s) shall install and maintain ground cover on the tract. It is the Owner's responsibility to properly maintain tracts owned by them, at all times. Complete Landscaping, in compliance with these Protective Covenants and the City Code, by Owner, is required at the time of development of the property.

H. SCREENING/FENCING:

The right of a purchaser, grantee, owner, or lessee of tracts in the Industrial Park, to use tracts of land and structures on the Property, shall not be construed as permission to keep goods, materials, waste, mechanical parts, equipment, incinerators, storage tanks or similar items on the purchaser's, grantee's, owner's, or lessee's grounds in a manner that, when exposed to the public view, reduces the overall aesthetic appearance, look or quality of the Industrial Park, in the sole opinion of the Board.

If a purchaser, grantee, owner or lessee determines that it has a need to store or keep these types of items, equipment or materials in the public view, they shall be fenced or screened in a manner approved by the BEDC, in advance of such storage.

All screening and fencing in the Industrial Park is required to be at a minimum height (above ground level) of eight (8) feet, unless this height is varied by formal action of the Board. Different types of screening and/or fencing (i.e., Opaque or Non-opaque) is required, depending on what is being shielded or stored, and whether a direct view from adjacent buildings, streets, or public space is advisable for security purposes, as follows: (1) If, for security purposes, the purchaser, grantee, owner or lessee of a tract desires not to use Opaque screening or fencing, then equipment and vehicles that are present on the property may be fenced or screened by the use of Non-opaque materials, approved in writing, by the Board; however, all equipment, vehicles, materials and property visible through the fence/screen must be continuously maintained in a manner that is clean, organized and aesthetically acceptable to those who view the property through the fences/screen; or (2) Water towers, storage tanks, equipment, exhaust fans, skylights, cooling towers, vents, pallet storage, refuse collection receptacles or compacting equipment, transformers, and all other structures or equipment related to a building on the property shall be architecturally compatible with the building or shall be effectively

shielded from public view and view of adjacent properties by the use of Opaque screening or fencing materials, and the design, location and screening for same shall be approved, in writing, by the Board before construction or erection of such structures or placement of such equipment; and (3) All scrap materials, waste, trash, junk, storage of items, inventory, parts, and pallets, etc., must be completely screened from view of the public and adjacent properties by use of Opaque screening, fencing or design elements and materials.

The City and Board will strictly enforce the screening/fencing provisions detailed herein.

<u>I.</u> <u>DRIVEWAYS:</u>

No driveway shall be permitted within fifty (50) feet of a street intersection.

J. OUTSIDE STORAGE OR OPERATIONS:

Outside storage or operations on any tracts shall be strictly limited to the rear two-thirds (2/3) of the property, and shall be completely screened from the street, public view and/or adjacent properties, by use of Opaque screening/fencing, as defined herein. Under no circumstances shall any materials or equipment be stored within sixty (60) feet of any street.

Screening specifications shall be approved in writing by BEDC, prior to construction, as part of the site and building review and approval process, and if appropriate may be varied by the Board, upon application for same. No boat, trailer, camper, home trailer, bus, or other recreational vehicle shall be parked or stored, either permanently or semi-permanently (i.e., on an "off-and-on" basis), on any property in the Park, unless such items are completely screened in the manner described above, using Opaque screening, as defined herein. No residential-type occupancy of trailers, campers, recreational vehicles, etc., is allowed at any time in the Park. Any outside storage shall be well-secured and properly lighted so as not to invite criminal activity in the Industrial Park.

K. LOADING DOCKS:

Loading docks will be permitted on any side of the primary building, but delivery vehicle loading and unloading shall occur only within the property and not on, or from, a public street.

<u>L.</u> <u>SIGNS:</u>

All signs shall be designed, located and installed in full compliance with the City's Code of Ordinances. (See, Bastrop Code of Ordinances, Chapter 3, Section 3.20.001, *et seq.*, which may be amended from time to time.) All requests for variances to the Sign Code, for signs installed in the Park, shall be heard and decided solely by the BEDC Board, and not by the Municipal Sign Review Board or City Council.

26

M. EXTERIOR ILLUMINATION:

Illumination will be required on all parking areas and walkways between buildings and parking areas unless otherwise waived or modified by BEDC. No wooden poles may be used in connection with exterior illumination. Additionally, all buildings shall have exterior illumination facilities for their front entrance. Upon completion of any building, any such illumination facilities required by these covenants which are located on the property on which the building is constructed shall remain in operation at a minimum from dusk until 10:00 p.m. each night. Exterior illumination shall be designed to light only buildings, parking areas, and walkways and shall not produce glare on adjacent streets or lots. All ground level floodlighting fixtures shall be depressed or screened from public view.

N. UTILITIES EASEMENTS:

No structure shall be erected on any easement as reserved on the plat and as provided on the deeds of conveyance on any particular lot. No improvements may be placed within such easements without prior written approval of BEDC. Easements may be crossed by improvements providing the property owner receives the necessary approval in advance from any utility company or municipal district agency providing services via the said easement.

O. GARBAGE AND REFUSE DISPOSAL:

No lot shall be used or maintained as a dumping ground for trash or garbage. Trash, garbage, and other waste products shall be kept in sanitary containers approved by the City of Bastrop. All incinerators or other equipment for storage, compaction, or disposal of such materials shall be kept in a clean and sanitary condition, maintained and serviced regularly. Dumpsters shall be adequate in size to handle all waste produced by the business operation and, at no time, may any refuse or garbage be placed outside of the trash receptacles or dumpsters on any tract.

The City's Code of Ordinances, related to parking, health and safety, offenses and nuisances, subdivision and zoning all apply in the Park, and the City and BEDC shall enforce same within the Park. In the event of ambiguity or an unintended conflict between the City Code and the contents of these Protective Covenants, then the City's Code will control.

P. LIVESTOCK AND POULTRY:

No animals, livestock, or poultry of any kind shall be raised, bred, or kept on any lot or part of any lot.

Q. PERFORMANCE STANDARDS REQUIRED IN THE INDUSTRIAL PARK:

1. Odorous Matter

a. No manufacturing or warehouse/distribution use shall be located or operated within the Industrial Park which emits odorous matter from a source of operation where the odorous matter exceeds the odor threshold at the boundary property line or any point beyond the tract on which such use or operation is located. The Board reserves the right to apply any State, Federal or local standard it deems appropriate and applicable to the circumstances at hand.

2. Smoke and Particulate Matter

a. Industrial Limits: No industrial operation or use shall cause, or allow the emission of, air contaminants which, at the emission point or within the bounds of the property, are in violation of the standards, including Effect Screening Levels, specified by the Texas Department of Health or other State regulatory agency. The Board reserves the right to apply any State, Federal or local standard it deems appropriate and applicable to the circumstances at hand.

3. Glare

a. No use or operation shall be located or conducted so as to produce intense glare or direct illumination, from a visible source of illumination or glare, across the property line boundary, nor shall any such glare or light be of such intensity as to create a nuisance or detract from the use and enjoyment of adjacent property.

4. Noise

a. All operations in the Industrial Park shall comply with the noise levels detailed in the City's Code of Ordinances, as applicable to nonresidential properties.

5. Water Pollution

a. No emission of water from any use in the Industrial Park, whether by entry into the municipal wastewater system, storm water control system, a stream or other body of water, shall be permitted, if the quality of such water violates the laws of the State of Texas or the United States, or produces a

nuisance or hazard to the public or the municipal wastewater or water systems.

28

6. Toxic and Noxious Matter

a. No operation or use permitted under the terms of these covenants shall emit toxic or noxious matter in concentrations across the property line boundary of the tract on which such operation or use is located. The Board reserves the right to apply any State, Federal or local standard it deems appropriate and applicable to the circumstances at hand, related to toxic and noxious materials, matters and/or conditions in the Park.

7. Combustible or Explosive and Hazardous Material

a. No use involving the manufacture or storage of petrochemical compounds or products which decompose by detonation shall be permitted, except that chlorates, perchlorates, phosphorous, and similar substances and compounds in quantities of one (1) gallon or less for use by industry, laboratories, biotechnology companies, or wholesalers may be permitted when approved by BEDC. The storage of all flammable liquids and materials, such as pyroxylin plastics, nitrocellulose film solvents, and petrochemical products for industrial purposes, shall be allowed only with the prior approval of the BEDC, and in full compliance with all applicable regulations and laws.

8. Vibration

a. No use permitted under the terms of these covenants shall at any time create such earth- or air-borne vibration which, when measured at the property line boundary of the source of operation, exceeds the limits of the displacement set forth below:

Displacement Limits for Vibration

| b. <u>Frequency Cycles per Second</u> | Displacement in Inches |
|---------------------------------------|------------------------|
| 0 to 10 | .0010 |
| 10 to 20 | .0007 |
| 20 to 30 | .0005 |
| 30 to 40 | .0004 |
| 40 and over | .0003 |

The Board reserves the right to apply any State, Federal or local standard it deems appropriate and applicable to the circumstances at hand, for operations causing vibration in the Industrial Park.

9. Portable Restrooms. The use of portable restrooms is prohibited in the Park after a permanent Certificate of Occupancy has been issued by the City for the building on a tract.

R. MAINTENANCE:

Owners and occupants (including lessees) of any parcel of land in the Industrial Park shall jointly and severally have the duty and responsibility, at their sole cost and expense, to keep that part of the Industrial Park so owned or occupied, including buildings, improvements, grounds or drainage easements, or other rights-of-way incident thereto, in a well-maintained, safe, secure, clean, and attractive condition at all times. Such maintenance includes, but is not limited to, the following:

- 1. Prompt removal of all litter, trash, refuse, and wastes.
- 2. Lawn mowing on a regular basis.
- 3. Tree and shrub pruning.
- 4. Watering by means of an irrigation lawn sprinkler system or hand watering as needed.
- 5. Installing adequate exterior lighting and maintaining mechanical facilities in working order.
- 6. Keeping lawn and garden areas in good condition, and any adjoining railroad rights-of-way or drainage ditches free of weeds and refuse.
- 7. Removing and replacing any dead plant material.
- 8. Keeping vacant land well-maintained for a depth of at least fifteen (15) feet from a street and right-of-way, and the entire site free of trash and tall weeds.
- 9. Keeping parking areas, driveways, and roads in good repair.
- 10. Complying with all governmental health and police requirements.
- 11. Striping of parking areas and repairing of paved improvements and enclosures including fencing and gates.
- 12. Repair of exterior damages to improvements.

S. ENFORCEMENT:

1. If, in the opinion of the BEDC, the owner or occupant, as applicable, of any tract or parcel of land in the Industrial Park shall fail to keep the tract or parcel maintained in compliance with the above-listed minimum provisions, the owner or occupant shall be notified of the deficiency by the Board or the City. If within ten (10) days from such notice, remedial activities to correct the deficiency have not begun to restore the tract or parcel to a safe, clean, attractive, and lawful condition, BEDC and/or the City shall have the right to perform such necessary remedial activities. All cost and expense incurred thereby shall be reimbursed by the owner and/or occupant of the tract or parcel of land. If such owner and/or occupant shall fail to so reimburse BEDC within thirty (30) days from the receipt of any invoice

covering such cost and expense, then such amount of cost and expense shall be a debt of such Owner and/or Occupant, shall bear interest at the highest maximum rate allowed by law, and shall attach to said parcel of land as a lien against same. If deemed appropriate for recoupment of costs expended by the City to eliminate nuisances threatening the public safety, the costs incurred may be added onto the City utility bills of the occupant causing the nuisance in the Park.

- 2. The BEDC may file suit in the appropriate court to enjoin any violation of these covenants, and may seek to have the court assess the maximum penalty allowed by law, per day, of violation.
- 3. All Landowners in the Industrial Park are required to fully comply with all applicable City of Bastrop Code of Ordinances, regulations and policies, and failure to do so will result in the City initiating enforcement action and seeking penalties, as set forth in the Code.
- 4. The City specifically retains the right to have the City exercise code enforcement activities in the Industrial Park, which may subject violators to fines and Municipal Court processes and penalties.

T. VARIANCES:

Upon either the request of a Landowner or the Board of Directors, the BEDC may grant variances to the strict application of these restrictions and covenants when it is found that such variances will not affect the overall intent of these restrictions and covenants and a variance will not cause injury or negative impact on adjacent landowners, lessees, or tenants, or the overall quality of the Industrial Park. Applications for variances must be filed with BEDC, and must detail what hardship(s) will result to applicant from the strict application of these restrictions and covenants, which hardship(s) shall not be solely 'economic' and shall not be self-inflicted by the applicant. The BEDC Board shall hold a public hearing on any requested variance, in accordance with the City of Bastrop notice and public hearing process and requirements. The decision of the BEDC on all variance requests shall be final, with no right of appeal to another body or entity.

U. AMENDMENT OF COVENANTS:

These covenants and restrictions may be unilaterally amended, from time to time, by BEDC, provided BEDC continues to retain ownership of at least fifty-one percent (51%) of the land area of the Industrial Park. After BEDC owns less than fifty-one percent (51%) of the land area in the Industrial Park, amendments to these covenants and restrictions may only be made by majority vote of the property owners in the Industrial Park, at a properly notified meeting called for the purpose of evaluating and acting on same.

Parks and Recreation Department

Mission Statement:

To provide activities, programs, and volunteer opportunities to improve the quality of life for the City of Bastrop and to provide year around program opportunities for youth, teens, adults, and senior citizens.

With consideration of the recent and projected growth of the City of Bastrop in the year 2015, the City plans to provide the highest quality of services to its citizens. The City's intent is to create a strong and positive presence in the community by offering more, as well as dynamic, choices for Bastrop citizens throughout the seasons of the year. To achieve these goals, the Parks and Recreation Department is turning to local businesses for help and support in the creation of quality events and services. The City plans to start funding these recreational opportunities through a past event, Naturefest. Naturefest will be the big ticket event for the year, and more programs will be held but for a smaller price tag. Please note that advertising (key to any successful program or event) is factored into the amounts reflected below. The department greatly appreciates you taking the time to review this information. We understand that this information must usually be passed on to others for review. Please do not feel that the sponsorship levels described herein are the only means of donating. We fully understand the reality of budget constraints and that funds may have already been allocated to certain projects. The Department will graciously accept any donation your company is willing to provide. Should you wish to contribute in the manner provided below, the Department would greatly appreciate a response by February 27, 2015. Thank you very much for considering this opportunity. Please feel free to contact me with your queries.

Sincerely,

Jason Alfaro

NatureFest

Spring is the perfect season to start enjoying the outdoors; this is why April 18, 2015, is our event date. Our goal is for children and adults to be introduced to nature through various activities, experts, and vendors. Attendees will experience hands-on activities while gaining knowledge about the natural environment surrounding them. This is a great opportunity to allow families to become involved with the care and responsibility we all share for the environment.

Sponsorship Opportunities

Grasslands: \$500 Forests: \$1,500 Rivers and Lakes: \$3,000

Sponsors for this event will receive recognition on all flyers, banners, t-shirts, and public announcements prior to and during the event. The Grasslands sponsorship allows the company name to be placed on all advertisement. The Forests sponsorship allows a small company logo to be placed on all advertisement. The Rivers and Lakes sponsorship allows a large company logo to be placed on all advertisement. Please note that each level provides a booth space for the event.
